Child Watch Transitional Orientation plan

There is a transitional orientation plan when your child starts Child Watch to help them adjust to the room and staff, with the goal of building up to an hour and a half visit.

Children 6 months to 1 year

1st visit – 30 minutes

Children 1 year – 4 years

1st visit – 45 minutes

Children 4 years – 10 years

1st visit – 60 minutes In all cases, subsequent visits will increase by 15-minute increments provided the child is adjusting well.
